Our local representative will be waiting there to welcome you. Heading east, your adventure begins with a visit to Gwangmyeong Cave – an abandoned mine located within a metropolitan city that has been transformed into a tourist attraction with artful light installations, museums, a performance hall, a restaurant and even a wine cellar which offers visitors a unique opportunity to partake in wine tasting as well as purchase more than 150 different varieties of quality wine from across 21 different Korean vineyards! Spanning 7.9 kilometres in length and reaching 275 meters in depth, the cave shot to fame when an episode of the popular variety show "Running Man" was filmed in its tunnels. Thereafter, continue approximately 70 kilometres East of Gwangmyeong to Naminara Republic, a tiny half-moon shaped island located in Chuncheon that was formed as a result of seasonal rain as well as the construction of the Cheongpyeong Dam. The famous "first kiss" as well as other important scenes such as the beautiful tree-lined paths from the 2002 Korean drama "Winter Sonata" was filmed here.
