Upon your arrival at Incheon International Airport and after clearing customs, please proceed to the Meeting Point area at "Gate 8" on the 1<sup>st</sup> Floor. Our local representative will be waiting there to welcome you. Begin your trip with an approximately 70 kilometres journey East of Incheon to visit Dumulmeori which literally means "head of two waters" and is the starting point of both Bukhangang as well as Namhangang Rivers. Soak up the tranquil atmosphere, rustic beauty, picturesque docks and weeping willows that makes it a popular filming site for Korean dramas, commercials as well as wedding pictures; marvel at the three 400-year-old Zelkova trees that appear as one giant tree; and thereafter, head over to relax and sip coffee at Dreamy Camera Café – a quirky themed café built in the shape of a vintage Rolleiflex twin-lens camera and houses collections of vintage cameras as well as books on photography. In the afternoon, visit Pocheon Art Valley – an abandon quarry which has been transformed into a culture and arts space. Marvel at the picturesque Cheonjuho which is formed by gathering spring water and rainwater in the pit made at the time of quarrying granite; Dream of becoming an astronaut in the Astronomical Science Museum with its beautiful view of starlit skies; or perhaps, enjoy various programs such as planned exhibition as well as culture and art performances.

### Day 02 SEOUL / GOYANG / PAJU / SEOUL (Breakfast, Lunch)

After breakfast, start the day with a visit to Hanwha Aqua Planet, one of Korea's largest convergences of aquarium with indoor zoo in a 4-story complex and is home to 325 different kinds of marine and terrestrial creatures from around the world. Thereafter, head over to explore the awe-inspiring Heyri Art Valley, a village dubbed as "a melting pot of creativity" where more than 370 of South Korea's most esteemed creative artists come together, adding to its creative growth and spawning work rooms, artistic spaces, museums and a string of reputable galleries alongside great cafés and restaurants. Continue on with a visit to Provence Village – a charming French themed village with beautiful pastel-like buildings that is modelled after Provence town in Southern France, where visitors can find artistic cafés, creative restaurants as well as attractive stores decorated like a children's playbook; followed by a little bargain-hunting at Paju Premium Outlets, a luxury shopping complex that is home to 220 outlet stores with a mixture of international and designer brand names as well as local retailers; before returning to Seoul.

### Day 03 SEOUL (Breakfast, Lunch, Dinner)

After breakfast, proceed to discover the quaint neighbourhood of Insadong which is filled with antique shops, boutique galleries, handicraft shops, bookstores, traditional teahouses, etc...; experience the thrills and spills of popular variety show "Running Man" at the Running Man Thematic Experience Centre where you need to complete missions in a race format to collect as many R-Points as possible within 60 minutes, just like being right at the heart of this exciting and hilarious TV show yourself; and followed by a little duty-free shopping at a Cosmetics Shop. Thereafter, continue on to Samcheong-dong, a trendy and upscale neighbourhood that lies in a scenic area just east of Gyeongbokgung Palace and Cheong Wa Dae, the Presidential Office and Private Residence which is also known as the "Blue House". Surrounded by hills, it is well known for its charming traditional hanoks and a vast array of stylish art galleries, unique boutiques, quirky shops, artisan cafés as well as upscale restaurants which are scattered along the main street. In the evening, enjoy a stroll at Naksan Park, a historical and beautiful park that offers spectacular view of Daehangno from its peak and is a great spot to enjoy beautiful sunset or night view of the entire city. There is also an impressive section of Seoul City Wall which was originally built in 1396 during the Joseon Dynasty that runs through the park.

### Day 04 SEOUL (Breakfast, Lunch)

After breakfast, visit Gyeongbokgung which was built at the beginning of the Joseon Dynasty by its founder King Taejo and serves as the principal palace until it was burnt down during the Japanese invasion in 1592. Continue on to the nearby Gwanghwamun Square – a national landmark located in the heart of Seoul with statues of King Sejong the Great and Admiral Yi Sunshin, the popular 12-23 fountain, Waterways of History as well as a sculpture of Haechi, the symbolic icon of Seoul; and thereafter, spend the afternoon shopping for some duty-free health supplements at the National Ginseng Outlet and "HD-1 Tab.Gold" or Red Pine Oil Specialty Store, as well as Lotte Duty Free – Asia's top duty free store that offers a vast selection of brands and products at discounted price; before heading over to Myeongdong, one of Seoul's main shopping districts featuring mid-to-high priced retail stores as well as international brands.
