### Day 01 \_\_\_\_\_ / MULU (Dinner)

Upon your arrival at Mulu Airport, you will be met by our local representative and thereafter, transfer to Royal Mulu Resort for check-in. In the afternoon, gather at the resort's lobby for your transfer to Mulu National Park headquarters. Upon the completion of your registration, proceed on an easy walk along the Rainfall Discovery Walkway that wind through the lush forest alongside rushing rivers to the entrance of the World's largest cave passage. Pause at Deer Cave's ancient riverbed and wonder at the force of the water that once roared through the tumbling huge boulders, carving the scalloped walls. Listen to the squeaking noise of 3 million strong colonies of Wrinkle Lipped bats stirring. Continue on to Langs Cave - small and intimate with walls beautifully decorated with long shawls, layers of rim stone pools on the wall and throughout the cave, spectacular stalagmites as well as stalactites. After exploring the caves, proceed to the Bats Observatory to wait for the evening exodus of bats flying out of the caves entrance (subject to weather conditions). Each evening, the bats gather at the cave entrance in large ring-shaped formations, circling higher and higher up the cliff face before moving over across the rainforest in spiralling ribbons.

### Day 02 MULU / \_\_\_\_\_ (Breakfast, Picnic Lunch, Dinner)

After breakfast, glide down the Melinau River in a longboat to Batu Bungan Penan settlement, a picturesque "kampung" set up by the State Government to relocate the nomadic Penan who are originally hunters and gatherers within the park area long before it was gazetted. Observe the everyday tribal lifestyle of the Mulu community as well as visit the Penan longhouse market (closes every Sunday) displaying beautiful and intricate handicrafts for sale. Thereafter, continue on by longboat to Wind Cave and Clearwater Cave. The Cave of Winds is actually part of the Clearwater Cave system and has some impressive stalactites and stalagmites, superbly illuminated in the "King's Chamber". This cave was named for the cool breezes, which can be felt at the narrow parts of the cave. A short walk further along the river is the Clearwater Cave with its underground river roaring beneath your feet that has travelled its subterranean route for over 108 kilometres. Outside the cave, swim in the crystal-clear waters where the river emerges from the cliff face, float with the fish and enjoy the rainforest around you with a picnic lunch at the Clearwater picnic site. Return to the resort in the late afternoon.

### Day 03 MULU / \_\_\_\_\_ (Breakfast)

After breakfast, free at leisure for your own activities until it is time for your transfer back to the airport for your onwards journey.
